Dear Sunny,

We just wanted to take a minute to express our sincere gratitude for a project very well done!!!

Ann and I are extremely happy with both the exquisite floor tiles and the magnificent granite countertops. The two components could not have been better matched and the 2" edges are exactly what Ann had envisioned. Besides the superb workmanship, everything was handled in a professional manner, and it was a joy to work with a family run company that genuinely cares about both their clients and their business.

That you were able to accommodate us on a tight schedule, late in December, made Christmas dinner at our home very special. You are definitely "first-rate" in my book.

Sincerely,

Argyris Vassiliou

Dear Paul,

Thank you ever so much for making my kitchen feel like new again! I still cannot believe that the whole process took but a mere week from start to finish...This is including the vanity top for the bath room.

I just loved the large selection of Granite that was right there in your yard! It was fantastic that I did not have to travel all over to find just the right one.

Your work crew were great....very efficient, on time, neat and polite!!

I will certainly recommend you all my friends!!

Again, thank you and Happy Holidays!

Sincerely,

Dear Paul,

I had to write to tell you how extremely happy we are with our granite countertops. They look marvelous and add a warm, rich feeling to our kitchen.

It was a pleasure dealing with you and your employees. My wife and I appreciated your low key personality without trying to force us into a decision . Even after we decided to have you do the work, you told us we still could change our minds about which granite we wanted until they started to cut the counters. This was a great relief for us since this was a major purchase which we have to live with for years.

Your crew who took out the old counters and templated for the new counters were friendly, polite, and very neat. They did a great job cleaning up the kitchen before they left. When they came back the following week to install the granite, they again did a beautiful job of installing and cleaning up when they were done. It was like getting a new car, all shiny and sparkling clean.

My wife and I appreciated the friendliness, expert input, flexibility, and follow through of you and all of your employees. Thanks again for a job well done!

Sincerely,

Stephen Smolewski

To Whom It May Concern:

It is with great pleasure that I write a letter of reference for Paul's Marble Depot and Sunny Adalja. I worked very closely with Sunny while selecting and installing tile, marble and granite for our new home. Sunny was exceptionally knowledgeable and exhibited the highest standard of customer service that I have ever encountered.

The Marble Depot stockyard houses a large selection of tile, marble and granite. Marble Depot also has a network of other suppliers and can therefore quickly locate additional quantities of stone that may not be on hand in their yard at a specific time.

Sunny Adalja has exceptional product knowledge and gave me a great deal of insight on which materials might be most appropriate for specific areas in our home. He also possesses a keen sense of design that was extremely helpful. Sunny provided me with the time and attention to ultimately give me a high level of confidence in my final selections. Despite the many decisions that I needed to make, the entire process was enjoyable rather than stressful.

I also had the pleasure of working with Rosh and Paul himself when Sunny was out of the office. Both were extremely professional, knowledgeable of my "job" and provided any assistance that I needed.

We are delighted with our new home. We have stonework throughout the house and it is indeed a focal point. The custom fabrications that we requested from the Marble Depot are quite special and exceeded even our own expectations. We are consistently complemented on the stonework throughout our home.

In closing, I would highly recommend Paul's Marble Depot to anyone who is interested in beautiful stone work and a positive working experience.

Sincerely,

Elizabeth A. Husted

Dear Paul,

Thank you so much for responding so quickly when I called you in distress about my kitchen counter. I know it wasn't even your project and I truly appreciate your help.

Also, I've enclosed photos of my master bath, showing the beautiful job you did on my marble counter.

Many thanks.

Sincerely,

Yancy Carr
